2020 Event Reporting Guidelines	2024 Draft Revised Guidelines	Areas of Improvement
1.0 Goal	1.0 Purpose	Administrative revision
2.0 Background	2.0 Scope	Administrative revision
2.1 CER & TSB Single Window Reporting	3.0 CER Oversight of Event Reporting	
2.2 Precautionary Approach	3.1 CER & TSB Single Window Reporting	Added TSB Reporting Hotline phone number and link to the Online Event Reporting System
2.3 CER Oversight of Event Reporting	3.2 Precautionary Approach	Administrative revision
3.0 Immediately Reportable Events	3.3 Data and Resources	Administrative revision
4.0 Multiple Incident Types	4.0 Immediately Reportable Events	
	4.1 Verbal and written notification within 3 hours	Significant Pollution (under COGOA and OGOA Drilling and Production Regulations) added as an Immediately Reportable Event
	4.2 Written notification within 24 hours	Administrative revision
5.0 CER Onshore Pipeline Regulations (OPR)	5.0 CER Onshore Pipeline Regulations (OPR)	
5.1 Definition of “Incident”	5.1 OPR Glossary	Added a glossary
5.1.1 “The death of or serious injury to a person”	5.2 OPR Incident Reporting	
5.1.2 “Significant adverse effect on the environment”	5.2.1 The death of or serious injury to a person	Added sternum and rib as “major bone”
5.1.3 “An unintended fire or explosion”	5.2.2 Significant adverse effect on the environment	Clarified the CER’s expectations in relation to Significant Adverse Effect on the Environment. Improved examples of events that require notification.
5.1.4 “An unintended or uncontrolled release of gas or high-vapour pressure (HVP) hydrocarbons”	5.2.3 Unintended fire or explosion	Administrative revision
5.1.5 “Operation of pipeline beyond its design limits...”	5.2.4 Unintended or uncontrolled release of gas of HVP hydrocarbons	Updated formula that companies can use for the purposes of estimating release rate

Table of Concordance

5.1.6 Reporting Timelines	5.2.5 Operation of a pipeline beyond its design limits	Added definitions for Approved MOP, Qualified MOP, Amended MOP, Restricted MOP, and Self-Imposed Pressure Restriction
5.2 Annual Report Notifications	5.3 OPR Incident Reporting Timelines	
	5.4 OPR Annual Report Notifications	Administrative revision
6.0 CER Processing Plant Regulations (PPR)	6.0 CER Processing Plant Regulations (PPR)	
6.1 Definition of "Incident"	6.1 PPR Glossary	Added a glossary
6.1.1 An unintended fire or explosion	6.2 PPR Incident Reporting	Administrative revision
6.1.2 An unintended or uncontrolled release of gas, HVP hydrocarbons, hydrogen sulfide or other poisonous gas	6.2.1 An unintended fire or explosion	
6.1.3 Unintended or uncontrolled releases of processing or hydrocarbon fluids	6.2.2 An unintended or uncontrolled release of gas, HVP hydrocarbons, hydrogen sulfide or other poisonous gas	Updated formula that companies can use for the purposes of estimating release rate
6.1.4 Operation of a plan beyond its design limits or any limits imposed by the CER	6.2.3 Unintended or uncontrolled releases of processing or hydrocarbon fluids	Administrative revision
6.1.5 Reporting Timelines	6.2.4 Operation of a plant beyond its design limits or any limits imposed by the CER	References have been added as footnotes
6.2 Hazard that Renders the Plant Unsafe to Operate	6.2.5 Reporting Timelines	
6.2.1 Reporting Timelines	6.3 Hazard that Renders the Plant Unsafe to Operate	
6.3 Emergency Burning or Flaring	6.3.1 Hazard Reporting Timelines	
6.3.1 Reporting Timelines	6.4 Emergency Burning and Flaring	
6.4 Suspension of Operations	6.4.1 Emergency Burning or Flaring Reporting Timelines	
6.4.1 Reporting Timelines	6.5 Suspension of Operations	
	6.5.1 Suspension of Operations Reporting Timelines	
7.0 CER Pipeline Damage Prevention Regulations	7.0 CER Pipeline Damage Prevention Regulations (CER DPR)	
7.1 Contraventions of DPR-A	7.1 CER DPR Glossary	Added a glossary
7.2 Damage to Pipe	7.2 CER DPR Event Reporting	
7.3 Suspension of Consent	7.2.1 Contraventions of DPR-A	
7.4 Reporting Timelines	7.2.2 Damage to Pipe	Added pipeline system components such as valves and risers
	7.3 Suspension of Consent	
	7.4 CER DPR Reporting Timelines	

Table of Concordance

8.0 Canada Oil and Gas Drilling and Production Regulations under COGOA (COG-DPR)	8.0 Canada Oil and Gas Drilling and Production Regulations under COGOA (COG-DPR) and Oil and Gas Drilling and Production Regulations under OGOA (OG-DPR)	Added OG-DPR
8.1 Incident Reporting	8.1 COG-DPR and OG-DPR Glossary	Added a glossary
8.1.1 "A loss of containment of any fluid from a well"	8.2 COG-DPR and OG-DPR Incident and Near Miss Reporting	
8.1.2 "Imminent threat to the safety of a person, installation or support craft"	8.2.1 A loss of containment of any fluid from a well	
8.1.3 "Pollution" and significant pollution	8.2.2 Imminent threat to the safety of a person, installation or support craft	
8.2 "Near-Miss"	8.2.3 Pollution and Significant Pollution	Clarified the CER's expectations in relation to Significant Pollution. Improved examples of events that require notification.
8.3 Reporting Timelines	8.3 Reporting Timelines	
	8.3.1 Press release or press conference	Administrative revision
	8.3.2 Investigation report	Administrative revision
9.0 Canada Oil and Gas Geophysical Operations Regulations (GOR)	9.0 Canada Oil and Gas Geophysical Operations Regulations (COG-GOR) and Oil and Gas Geophysical Operations Regulations (OG-GOR)	Added OG-GOR
9.1 Serious accident or incident reporting	9.1 Serious accident or incident reporting	Administrative revision
9.1.1 "Property"	9.1.1 Damage to property	Administrative revision
9.1.2 "Threat to the environment"	9.1.2 Threat to the environment	Administrative revision
9.2 Reporting timelines	9.2 Reporting timelines	Administrative revision
10.0 Canada Oil and Gas Installations Regulations (COGIR)	10.0 Canada Oil and Gas Installations Regulations (COG-IR) and Oil and Gas Installations Regulations (OG-IR)	Added OG-IR
10.1 Emergency or accident reporting	10.1 Emergency or accident reporting	Administrative revision
10.2 Reporting timelines	10.2 Reporting timelines	Administrative revision
